

**Wei Hong
Restaurant
& Bakery**

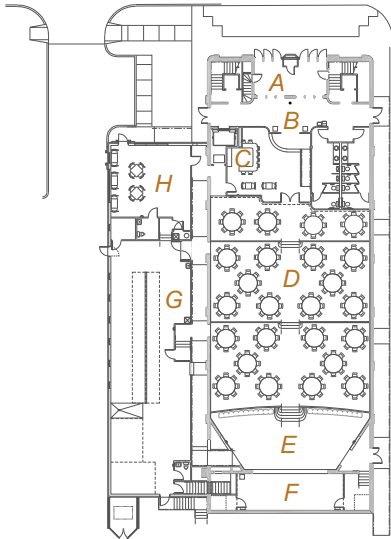

**University City, Missouri
2005**

PROJECT OVERVIEW

Architect St. Louis Design Alliance, resurrects University City's Beverly Theater in this 2004 renovation project. Built in 1937, the Beverly Theater is a prime example of the Art Deco style. Its' fan motifs, chevron relief and glass block windows will now grace the Wei Hong Seafood Restaurant and Bakery. Banquet facilities and a bar have replaced theater seating, and the west side of the building now includes a kitchen and bakery facilities.
